

WALKING TO THE FIELDS POLICY STATEMENT

1. Pupils from U3 to L5 will be escorted to the field and back by staff.
2. The route will be specified.
3. **Staff will advise pupils where they should cross roads and will alert them to any perceived dangers, but the pupils will decide when it is safe to cross themselves.**
4. Staff will do all that could be expected to ensure the safety of pupils, taking into account the age and number of the pupils. U3 and L4 pupils will be escorted to the fields by a larger number of staff than required for older pupils.
5. Pupils in the U5 and Sixth Form will be allowed to travel to and from the fields on their own, with the advice that they should be in groups and should use the route established earlier in their school life. They will also be advised that on Wednesday afternoons they should not usually leave school before 1.30pm.
6. The College accepts no liability however for such pupils travelling to and from the fields on their own.
